DIVISION FILE
20103502

MEMORANDUM

EPA Region 5 Records Ctr.

352044

DATE: July 20, 1982
TO: Bob Kuykendall, Jim Reid, Bill Seltzer (Land EDC)
FROM: Joe Podlewski, Enforcement
SUBJECT: Proposal for Enforcement Action: Winnebago County
Rockton/Soterion, Inc. LPC #20103502

This facility engages in the treatment of non-hazardous waste received from an out-of-state generator. Its president, G. R. Semans, has been informed on a number of occasions that the Soterion operation requires Chapter 7 development and operating permits (Solid Waste Rules 201, 202(a)). In addition, all wastes received from the waste generator must be received pursuant to supplemental permits (Solid Waste Rule 210). Soterion's operations in the absence of these required Agency permits constitute continuing violations of Sections 21(d)(1) and 21(d)(2) of the Environmental Protection Act (Ill. Rev. Stat. 1981, Ch. 111 1/2, pars. 1021(d)(1), (2)), as well as the aforementioned Solid Waste Rules.

Semans was sent a CIT by the Agency on December 11, 1981. The response received from Soterion's attorney on January 27, 1982 was unsatisfactory because Soterion has yet to apply for a permit from the Division of Land Pollution Control. Consequently, both FOS and Enforcement propose that approval be given for enforcement action against Soterion, Inc. for violations of the Act and the permitting requirements of Chapter 7.
